JOHN FAWCETT FOUNDATION

DONOR REPORT

January – September 2026

Foreword

On behalf of the entire team at the **John Fawcett Foundation** and the many people who have benefited from our eye health and sight-restoration services, made possible only by your kindness, generosity, and support, **thank you!** Please find our 2026 Q3 Donor Report below. Your contributions have made an enormous difference to so many lives and enabled the Bali JFF team to achieve the following.

JFF Outcomes for 2026 (9 months)

Activity	2026 Total (9 months)	Project Total (1991–2025)
Screening adults	30,898	1,300,060
Screening school children	1,918	98,612
Glasses distributed	19,938	661,612
Eye medicines distributed	12,434	669,654
Cataract surgeries (adults)	2,790	75,899
Cataract surgeries (children)	3	505
Other eye surgeries (adults)	0	2,143
Prosthetic eyes	102	1,417

Summary of Services Provided in 2026

JFF programs are provided free of charge at our headquarters (HQ) in Sanur, throughout Bali in both local and remote villages, offshore on many Indonesian islands, and in conjunction with external clinics to support outsourced services.

Thanks to the funding you have generously provided, the JFF team travels to deliver services where they are most needed, reaching those who would not otherwise have access to eye health care and surgical services. When not travelling, the team also provides services from JFF Headquarters, ensuring the program remains available to those in need.

So far this year, the JFF team has delivered the following programs:

Program Type	Count	Detail
Offshore Programs	9	Multi-day programs — full details on the next page
Bali Village Programs	81	Local and remote locations throughout Bali
Headquarters Community Program Days	62	Sanur-based, screening and all eye health services, including cataract surgeries and post-op support
Outsourced Clinic Programs	2	**707** cataract surgeries were provided across two clinic locations - Lombok and East Java

Even with all these programs in place, millions throughout Indonesia still need eye health care services.

DONOR REPORT

2026 Offshore Programs

So far this year, the JFF team has travelled with the mobile eye clinics to nine offshore locations. Only one offshore program took place in the first quarter of this calendar year because of numerous cultural and religious events during that period.

Offshore Location	People Screened	Glasses	Eye Medications	Cataract Surgeries	Prosthetics Eyes made
January, no program this month	–	–	–	–	–
February — Lumajang, East Java	**2,222**	1,567	900	**200**	7
March, no program this month	–	–	–	–	–
April — Probolinggo, East Java	**1,490**	595	420	**201**	8
April — Banyuwangi, East Java	**1,699**	636	420	**367**	13
May — Sidoarjo, East Java	**143**			**46**	
May — Sikka, East Nusa Tenggara	**2,225**	1,593	662	**209**	1
June — Bondowoso, East Java	**1,732**	1,109	750	**162**	16
July — Jember, East Java	**1,476**	789	380	**246**	19
July — Situbondo, East Java	**2,374**	1,064	520	**209**	8
August — Soe, East Nusa Tenggara	**1,839**	816	287	**124**	1
TOTAL *offshore (only) program outcomes year to date*	**15,200**	8,169	4,339	**1,764**	73

JOHN FAWCETT FOUNDATION

Your support is incredibly valuable in helping our Foundation work towards its long-term goal of providing sight-restoration and blindness-prevention services free of charge to people from lower socio-economic groups throughout Indonesia.

We also thank PERDAMI Indonesia for providing ophthalmologists to work with our team and perform surgeries, and the OneSight Essilor Luxottica Foundation for donating glasses.

Access to eye health services, blindness prevention and cataract surgery remain ongoing issues in Indonesia. Delivering these services is a challenge that our Foundation has taken on and will continue to address. JFF's unique program, which takes the services to people in their villages via mobile eye clinics, enables us to reach and assist more people in need in remote and disadvantaged communities.

Thank you again for your support.
